
IFU ANIEMEKA

PROFILE

I'm a software engineer with over 3 years of experience building web applications. Behavior-driven development is my jam.

EXPERIENCE

DEVELOPER, HASHROCKET; CHICAGO, IL – JULY 2017 - PRESENT

I spend my days crafting software for my clients and writing blog posts on topics that interest me.

JR. SOFTWARE CONSULTANT, DEVMYND SOFTWARE; CHICAGO, IL – 2015 - 2017

I built custom software solutions for clients in various industries, including education, healthcare, and agriculture. Most of my work was developed collaboratively, namely, in a pair programming setting. I was also the organizer for DevMynd's OpenHack Meetup group.

SOFTWARE APPRENTICE, DEVMYND SOFTWARE; CHICAGO, IL – 2014-2015

I paired with senior developers to sharpen my skills in areas such as test-driven development and writing code that aligns with best practices. Along the way, I learned the essentials of agile software development. I also gained greater exposure to the open source world.

FULL-STACK DEVELOPER, MAKERSQUARE; AUSTIN, TX – 2014

MakerSquare (now called Hack Reactor) is a 12-week, intensive program that trains students to become full-stack web developers. While there, I learned Ruby and JavaScript, software design principles, and practical applications of algorithms.

ENGLISH INSTRUCTOR, ZHUHAI INT'L BUSINESS SCHOOL; ZHUHAI, GUANGDONG PROVINCE, PRC – 2012-2013

I taught English to two classes of 30 adults. I developed a curriculum that emphasized mastering the basics of English grammar that quickly became popular amongst students.

EDUCATION

PRINCETON UNIVERSITY, PRINCETON, NJ – B.A., PHILOSOPHY, 2011

SKILLS

HTML, Sass, JavaScript, Ruby, Python, Ruby on Rails,RSpec, PostgreSQL, Git, GitHub, Heroku, Codeship, Jupyter Notebook, numpy, pandas, matplotlib
